Workshops on Research Methodology

The Department of English conducted a one day workshop on Research Methodology for the final year degree students on 26 October 2017 at the college seminar hall. The workshop began with a prayer song and Prof. Nancy Kuriakose, Head of the Department welcomed the gathering. Dr. Lata Marina Varghese, Principal, presided over the meeting. Ms. Sherin Varghese (ASAP Trainer) conducted the workshop, which provided an opportunity for the students to become acquainted with the conceptual and technical details of Research Methodology.

A workshop on research methodology and Article writing

A workshop on research methodology and article writing was conducted by the Department of chemistry, St. Thomas College Ranny on 31st October 2017 in the seminar hall. The chief guest for the event was Dr. R. Jayakrishnan, Assistant professor, Department of Physics, Christian College, Chengannur. The event started off with an Inaugural session at 10.00 a.m. First, Dr. Ansu Jacob, Head of the department of chemistry welcomed the gathering, underlining the importance of a workshop on research methodology. Dr. Lata Marina Varghese, Principal, St. Thomas College, Ranny delivered the presidential address. The Principal, with her great experience in research field, urged the students to utilise the workshop to the maximum as a foundation for future endeavours. Next, the chief guest Dr. R. Jayakrishnan spoke a few words on the importance of a workshop like this after which he moved on to the lighting of the lamp with the other dignitaries on the dais, along with a student representative. Capt. John M. George, IQAC Co-ordinator, St. Thomas College, Ranny, felicitated the workshop, by encouraging the department and the students to plan and conduct more of similar workshops. The inaugural session was concluded at 11.30 a.m. by a vote of thanks by Ms. Leeza Abraham, Guest Lecturer, Department of Chemistry. We began the next session, “Research Methodology and Article writing” by Dr. R. Jayakrishnan at 10.30 a.m. In the session, he talked about the nuances of article writing. The session was successful in helping the students in getting an awareness about the current research methodology trends and scientific writing. After lunch the second session of the day, “Spectral aspects of Paper writing” by Dr. Hari Narayanan G., Assistant Professor, Devaswom Board College, Thalayolaparambu began. This session dealt with the various spectroscopic methods available for analysis today especially NMR. Dr. Hari shared with us his own experiences and work of his PhD days in Purdue University to help the students get better understanding of the topic. The session concluded with Q&A session followed by vote of thanks by the students.
